Sir:

This responds to the July 3, 2007 Notification of Defective Response in above-identified U.S. patent application. Enclosed and submitted herewith is a copy of the Declaration and Power of Attorney executed by the inventors, as filed September 11, 2006 in response to the August 2, 2006 Notice to File Missing Parts. This Declaration and Power of Attorney document reflects the true inventorship of the 10 named inventors who signed the Declaration and Power of Attorney. Maria Eladia Arguelles Sanchez, an eleventh individual whose name appeared in the originally filed international patent application papers submitted with the present application, is not an inventor for the present U.S. §371 application based on the international patent application.

The July 3, 2007 Notification of Defective Response was received in the office of the undersigned attorney on July 17, 2007<sup>1</sup>. In response to the July 3, 2007 Notification of Defective Response, diligent efforts have been initiated and are continuing, to secure a statement from Maria Eladia Arguelles Sanchez that she was named as a co-inventor (in the earlier international application) in error and without deceptive intention. In lieu of such statement, enclosed is a copy of a March 10, 2006 letter from the Spanish law firm representing the inventors' assignee, Progenika Biopharma, S.A., stating that such assignee "erroneously included" Maria Eladia Arguelles Sanchez as an inventor, and that the Spanish law firm has corrected this error.

While no fee or payment is submitted to be applicable to this response, the Commissioner is hereby authorized to charge any fees properly payable for this response to Deposit Account No. 08-3284 of Intellectual Property/Technology Law.

Respectfully submitted,

  
Steven J. Hultquist

<sup>1</sup> There was thus a significant mail delay, between the July 3, 2007 date of the Notification and the stamped-in receipt date of July 17, 2007 in the undersigned attorney's office for such Notification.
